From Colin Bryan, Managing Director, Drayton Manor Park.

Fantastic Fireworks is a company highly recommended by Drayton Manor Theme Park, Tamworth, Staffs one of the leading Theme Parks in the UK.

Fantastic Fireworks has been our sole supplier of Themed fireworks displays since 1990 when they started with the excellent “War of the Worlds” display of 25minutes, with music coordinated to the firing of the pyrotechnics. Continuing through the years with two fireworks displays with music varying from haunting to Michael Jackson’s music and Snowman, to children’s themes and a Classical display with some of the largest pyrotechnics fired in the country.

Their reputation is one of excellence and the local Fire Brigade officer asks about Risk Assessments and when told it’s Fantastic Fireworks operating the display he invariably says “ok their reputation on Health & safety is top drawer I do not need to see the display”.

I cannot fault the workmanship, dedication to duty and recommend this firm to whoever requires a display with some of the best performed pyrotechnics available.

Yours Sincerely

Colin E J Bryan, MIH, Managing Director.
